ABOUT ME

UI/UX Designer with 3+ years creating digital experiences people enjoy using. I've helped businesses boost user engagement and conversion rates through thoughtful design and user research. My front-end development background helps me collaborate effectively with engineering teams to turn designs into reality. Passionate about creating accessible, intuitive interfaces that solve real problems for users.

SKILLS

- Design Process:** User Research, User Interviews, Persona Development, User Journey Mapping, Information Architecture, Wireframing, Prototyping, Usability Testing, A/B Testing, Design Systems
- Design Tools:** Figma (Advanced), Adobe XD, Illustrator, Photoshop, InVision, Miro, FigJam, Maze
- UI/Visual Design:** Visual Design, Typography, Color Theory, Iconography, Branding, Graphic Design, Responsive Design, Mobile-First Design
- Development:** HTML, CSS, JavaScript, React, Angular, WordPress, Shopify, Elementor, Beaver Builder
- Platform & Tools:** Windows, GoHighLevel, Git/GitHub, Notion, Slack, Microsoft Office

EXPERIENCE

Product Designer <i>Jadbery Digital</i>	2024 – Present Remote
– Handle end-to-end design from user research and wireframes to final UI and brand identity work – Build conversion-focused websites on WordPress and Shopify with emphasis on user experience – Create comprehensive brand guidelines and marketing materials to maintain visual consistency – Work closely with clients to understand their business needs and translate them into design solutions	
UI/UX Designer & Developer <i>Saasyway</i>	2024 Remote
– Redesigned user flows and interfaces in Figma, boosting engagement metrics by 28% – Created 20+ landing pages and sales funnels using GoHighLevel and WordPress page builders – Set up email and SMS automation workflows that increased qualified leads by 35% – Collaborated with developers to ensure pixel-perfect implementation across devices	
Angular Developer Intern <i>PDS - EY GDS</i>	2024 <i>Kochi, India</i>
– Designed and built responsive web components for enterprise applications – Collaborated with the design team to refine interfaces based on user feedback and testing – Ensured consistent design patterns across different modules of the application	
Python Developer Intern <i>Inmakes Infotech</i>	2023 <i>Kochi, India</i>
– Designed admin dashboards and data visualization interfaces for internal business tools – Focused on creating clean, intuitive frontend experiences for complex data – Worked on improving the overall user flow and interface usability	
Web Designer <i>GJ Infotech Pvt Ltd</i>	2018 – 2019 <i>Thrissur, India</i>
– Designed and coded 15+ responsive websites using HTML, CSS, JavaScript, and Bootstrap – Worked with clients to understand their vision and created designs that matched their brand identity – Created mockups and prototypes to validate design concepts before development – Optimized site performance, significantly reducing page load times through better asset management	

EDUCATION

Bachelor of Technology in Computer Science <i>College of Engineering Munnar</i>	2020 – 2023 <i>Kerala, India</i>
Diploma in Computer Engineering <i>St. Mary's Polytechnic College</i>	2015 – 2018 <i>Palakkad, India</i>
