Abu Dhabi, UAE

PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of experience delivering web and mobile products across SaaS, e-commerce, and enterprise platforms. Currently based in Abu Dhabi, UAE, with a track record of improving user engagement and lead generation through research-driven design. Brings added value through front-end development skills in React and Angular, enabling seamless designer-developer collaboration.

PROFESSIONAL EXPERIENCE

Product Designer

Aug 2025 – Present

Jadbery Digital

Remote

- Handled the full design process for client projects, including user research, wireframing, and high-fidelity prototyping in Figma, through to final delivery.
- Built websites on WordPress and Shopify aimed at helping clients achieve their business goals.
- Created brand guidelines and visual identity systems to keep design consistent across digital products and marketing materials.
- Produced branding and marketing assets for multiple clients using Adobe Illustrator and Photoshop.

UI/UX Designer & Frontend Developer

Jan 2025 – Jun 2025

Saasyway

India

- Redesigned user flows and interfaces for B2B SaaS products in Figma, from wireframes to high-fidelity mockups across 20+ screens, resulting in a 28% increase in user engagement.
- Built 20+ landing pages and sales funnels using WordPress and GoHighLevel, contributing to a 30% increase in qualified leads.
- Prepared annotated Figma specifications to support design handoff, helping developers build consistent, responsive layouts across devices.

Angular Developer Intern

Mar 2024 – Aug 2024

PDS – EY GDS

Kerala, India

- Designed UI screens for an internal agri-tech platform, including the submission flow, applicant dashboard, and reviewer interface, used by farmers to apply for research funding.
- Built responsive Angular components as part of a cross-functional team, covering both the design and development stages.
- Worked with the product and engineering teams to improve designs based on feedback, and delivered a validated prototype along with a shared component library.

Web Designer

May 2018 – Jun 2019

GJ Infotech Pvt Ltd

Kerala, India

- Built over 30 responsive websites for educational institutions using HTML5, CSS3, JavaScript, and Bootstrap.
- Reduced average page load times by 50% by cleaning up assets and improving front-end code.

PORTFOLIO HIGHLIGHTS

Selected case studies at shihabsaleem.site

- Milkow:** End-to-end UX design for a multi-franchise dairy delivery platform, including user journey mapping, onboarding flows for super-admin and franchisee roles, and high-fidelity prototype.
- Custom ERP:** Led UX design for a custom ERP system, simplified complex inventory and production workflows into an intuitive interface for non-technical users.
- Invoice:** Designed and built a privacy-first invoicing tool, integrating Microsoft Clarity and Google Analytics for product analytics and user behaviour insights.
